

VOTE

ON WATER WORKS HERE AT APRIL ELECTION.

MUNICIPAL OWNERSHIP IS THE PROPOSITION.

THE ESTIMATES NOW PREPARED

Show That Newark Can Have New Better System at Less Outlay Than at Present.

Shall the city of Newark own its own water works system?

This is a question that the people of Newark will be called upon to decide at the coming spring election.

This question has been more or less mooted by the city council for several years, but not until a few months ago did the matter take definite form, and as a result the issue is to be made plain, municipal ownership or a system of rental.

There are two ways in which the city may become the owner of its own plant, either buy the present one, or construct an entirely new system, and it is upon the latter plan that a majority, if not all the members of the city council, are working upon, and are in favor of.

To this end, at a recent meeting of the council, Mr. L. E. Chapin, an expert hydraulic and civil engineer, was by resolution, employed to draw up plans and specifications, and make an estimate of the cost of constructing the proposed new plant. Mr. Chapin submitted his plans one night this week at a committee meeting, and they were practically adopted after he had completed a few more details.

His plans were made and estimates deduced, from a view and survey of a complete map of the city, and these plans provided for mains to be laid on about 120 street that now have no water supply. Every street of any prominence, will have the water. Whereas now, there are 26 miles of pipes throughout the city, if the new plant is constructed there will be 43 miles, an increase of 17 miles, and the number of fire-plugs will be nearly doubled. Practically every person in town may then have the city water.

As it is now, there is hardly a meeting of the council at which petitions are not received for the extension of the water mains, on this street, or that street.

For the present water supply the city pays an annual rental of \$12,500. The estimated cost of the new plant is \$300,000. For this amount, bonds of the city will have to be issued, bearing interest at the rate of four per cent, or \$12,000 per year, or \$500 less than the city now pays for rent, for fire purposes. It will be seen that the present water system, after almost 20 years service, is antiquated, the machinery out of date and badly worn. With a new plant the machinery will be strictly up to date, with the latest improvements, besides the cheapening and betterment of the service. It is estimated that these improved machines will save to the city almost \$5,000 in the cost of the coal consumed at the power house.

The proposition which will be submitted to the voters of the city next spring will be "Municipal Ownership of Water Works? Yes. Municipal Ownership of Water Works? No."

Everybody may vote on this proposition, as they will benefit by having the water brought upon their street, if the proposition carries.

'PHONE

WORKS WITHOUT THE USE OF WIRES.

KENTUCKY FARMER CLAIMS NEW INVENTION

REFUSING TO EXPLAIN IT NOW.

Public Exhibition Given by Mr. N. Stubblefield Who Has Made Electricity a Hobby.

Murray, Ky., Jan. 11.—Nathan Stubblefield, a farmer of this county, has given a public exhibition of a wireless telephone apparatus in which, from a transmitting station, he sent messages which were distinctly heard at the same time at seven different receiving stations. The messages were sent from a transmitter in the office of a well known lawyer. Before reaching the receiving apparatus the sound sent without wires had to penetrate brick and stone walls and entire blocks of business houses before reaching the various receivers. It penetrated with a greater ease than even the wonderful X-ray. Stubblefield used an ordinary telephone receiver and transmitter but the working part of his apparatus was concealed in a box and the inventor refuses to explain it. Stubblefield is 42 years old and a practical farmer. He has made electricity a hobby for a number of years. His 11-year-old son is his only assistant.

Inquiry into her history discloses the fact that Mrs. Rox has been a great reader of medical magazines and medical advertisements and being naturally of a nervous temperament, her imagination has been fed by this kind of literature until her mind has become affected.

INDIANS

ARE ARMING FOR DESPERATE RESISTANCE.

WAR DANCE ON AND THE EXCITEMENT IS INTENSE.

THE U. S. TROOPS ARE MOVING.

Cheyennes Able to Carry on Prolonged Hostilities—A Newark Boy at Fort Keogh.

Forsyth, Mont., Jan. 11.—Alarming developments are reported from Lamar, where the Cheyenne Indians are all arming for desperate resistance. War dances are in progress and the excitement is intense. Fifty men of troop F, under command of Lieut. Roeyn are expected to reach the agency today. Twelve enlisted men are at the reservation. Advice from the Indian agent show that they are in danger of immediate attack and it is feared that all will be murdered. The Cheyennes are able to carry on prolonged hostilities, the surrounding country being specially well adapted to their peculiar method of waging war. The Indian agent believes that the Indians will be able to hold a superior force of soldiers at bay for a long time.

The trouble is due to the attempted arrest of an Indian called White. He resisted a posse sent out to catch him and shot one Indian policeman. Then he committed suicide, and his squaw and daughter out of respect for the brave deed, killed themselves.

David Williams, who was a private in Company G, of this city, enlisted a few months ago in the United States army and is now believed to be stationed at Ft. May Not be Pensioned But She May Get Husband's Salary. Amounting to \$25,000.

Washington, Jan. 11.—A bill to pension Mrs. McKinley may never be passed by the House. There is a growing sentiment among the members that the measure is unnecessary. Mrs. McKinley is very well off financially and will never need for the luxuries of life. CRITICISM

Of the President for the Appointment of Ben Daniels a "Rough Rider", in Arizona.

Phoenix, Ariz., Jan. 11.—The territorial press and politicians of both parties arraign President Roosevelt in a mild manner and the clergy are very strenuous in their criticism of the appointment of Benjamin Daniels to be U. S. Marshal for Arizona. The objections spring from the fact that Daniel is an avowed Democrat and more particularly because he had a professional gambling house and dealt faro bank at Nogales, Ariz., until within a few weeks of his appointment. Daniels is the rough rider said to have saved the life of Roosevelt at San Juan.

HANNA

LOST WHAT HE CLAIMED IN THE SENATE

AND GOT WHAT HE DIDN'T WANT IN THE HOUSE.

FACTIONAL FIGHT IS STILL ON.

Lines Being Marked for the Supreme Contest to Unseat Hanna Two Years Hence.

Columbus, Jan. 11.—The factional fight in the legislature, which is credited with being a "closed incident," but which in reality has just begun and is destined to continue to the end of the session, now finds the Republican majority in a condition by no means improved over that existing prior to the election of the Foraker slate in the Senate and the Hanna slate in the House.

Hanna has caught a Tartar in McKinnon, and while the Forakerites have lost by the defeat of Price, the Hannaites have not gained anything by the election of the Ashtabula man. Three months ago one of the most prominent leaders in the recent contest on the Hanna side, when asked by a Republican member-elect whom the latter should support for speaker of the House, replied: "Anybody but McKinnon. We are safe enough if our people keep away from him."

Yet this particular Hanna leader as well as the others and the Hanna members of the House, lived to work tooth and nail for McKinnon's election, acting under the orders of the supreme boss, who concluded in the end that his interests required him to swallow McKinnon notwithstanding the bitterness of the dose. How bitter that dose was may be imagined when it is known that McKinnon has always been an anti-Hanna man; and as recently as last November fought Hanna and Dick in his district, telegraphing to a friend in Cincinnati after he had come out of the contest a victor that he had triumphed, notwithstanding the efforts of the "red-necked boss" to defeat him.

Neither side in the recent contest for the organization of the House expects that McKinnon's election will prove of any advantage to the Hanna people. The gentleman from Ashtabula has a stiff backbone and a bad habit of acting independently. He holds Hanna in the utmost contempt and not only opposes Dick politically but is on bad terms with him personally. If he has any sympathies of a factional character they incline far more to the Foraker-Kurtz crowd than to their opponents. He is rated as a Daugherty man and in fact has been identified with that small faction heretofore; but he was for Daugherty simply because he was against Hanna, and not for any other reason. These facts clearly prove the absurdity of the Hanna claims that the Senator has succeeded in organizing the House. On the contrary he has failed in his purpose to do so. Three weeks ago the Hannaites were declaring that Judge Thomas of Norwalk would be speaker. The Judge himself gave out this important news and it was endorsed by such reliable Hannaites as John R. Malloy and Senator Patterson. The truth is that Hanna has

a mere handful of votes in both branches of the legislature and could not on his own account control the election of a page or a porter. He is beaten, if not "to a standstill," certainly more severely than any wounds ever suffered by him heretofore in any political contest to which he has been a party.

As prominent Foraker men put it, "Hanna lost what he claimed in the Senate and got what he didn't want in the House." It takes a real bona-fide Foraker to back Hanna organ figure a "victory" out of a condition like this.

The lines are now being marked out for the supreme contest to unseat Senator Hanna two years hence. He understands that his recent experience was a warning from the opposition that they intend to elect some other Republican or a Democrat if necessary in his stead at the expiration of

MR. BRYAN'S CALL TO ARMS.

Mr. Bryan is right in his speeches, one of which he made at Wooster, O., on Tuesday, and others which he proposes to make in New England, in maintaining that the power and influence of the Democratic party depends on its faithful and courageous adherence to principle. It was what gave Jefferson and Jackson their power in the party, and later Tilden, Thurman, Hendricks and Cleveland. It is what gives Mr. Bryan his sway over millions of his countrymen, without the scrap of office or patronage at his disposal. A party without principles, he truthfully asserts, can have no claim on public confidence. In a contest for the mere spoils of office and power the Democratic party stands no chance. When it is a contest for principles in which the masses believe and are united, we can always make an earnest and sometimes successful, battle against great odds. Even if success is denied us, our duty remains. It is no dishonor to be out-voted this year when we may win next. Disgrace only comes with an abandonment of principle and a shilly-shally or evasive declaration of our faith in principles and policies which the people have at heart and believe in more thoroughly than they do in the spoils or the prestige of power.

"Must we abandon," says Mr. Bryan, "the self-evident truth that governments derive their just powers from the consent of the governed? Must we accept imperialism as an accomplished fact and join in the shout for blood and conquest?" Here we get to the bedrock of Democratic faith. It is the pressing issue of the hour. In a practical way it is before Congress at this time, in legislation proposed for the Philippines, but more nearly affecting the American people, for if imperialism, colonialism, militarism, and the rejection of the Great Declaration, are to become the settled policy of our Government, what will the Republic be worth, when such scraps of monarchical or imperial policies become permanent fixtures?

These questions are to come before Congress at once in the consideration of the Philippine bill, which will revolutionize the structure and methods of republican government. They will be present in the consideration of the tariff, and with them the supremacy of money, trusts and corporations in government. Here are issues on which the Democratic party is united—on which its future rests and which must be met and decided. "So the Democratic party," Mr. Bryan concludes, "whether in power or out of power, is serving mankind when it stands steadfastly for constitutional government, and insists that that government shall be administered according to Jeffersonian maxims, 'equal rights to all and special privileges to none.'"

INCREASING FAILURES.

After all, there were more failures in 1901 than in 1900. This is a reliable barometer as to the progress of the smaller concerns of the nation. We do not doubt the unequalled success of the great corporations, trusts and monopolies which now control the industries of the nation. But does that make the year "the most prosperous?" Because magnates are richer does that show prosperity? No! For indications of general prosperity we must look to the smaller concerns. They are the ones needing protection and justice. When they prosper and flourish then the people who are right down on a level with them must also be flourishing. With over 11,000 business failures in 1901 we cannot call the year a prosperous one even if J. Pierpont Morgan is richer by \$100,000,000.

Sometimes we only see the worst side of a man because his wife gets the best of him.

On behalf of the State of Minnesota, and with the co-operation of other Western States, the attorney general of Minnesota has commenced proceedings in the supreme court of the United States against the Northern Securities Company, into which the Northern Pacific and Great Northern railroads have been practically merged by a recent big deal. This is a very important proceeding, and may have a decided effect on the trust and combination tendencies of the times. The strong point of the complaint is that the merger will destroy competition, and thereby interfere with the progress and prosperity of Minnesota, especially in the occupation and development of public lands. The application is to permanently enjoin and restrain the Northern Securities Company, in which Hill and Morgan are the controlling spirits, from performing the acts in Minnesota which they claim under the New Jersey charter.

The largest contract ever let in this country for the transplantation of big trees is that just entered into by the St. Louis World's Fair. There are many large trees in Forest park, the site of the fair, and 700 will be transplanted, each 12 to 18 inches in diameter. Special machines are used, and the transplanting will be done while the trees are dormant and the ground deeply frozen, so as to carry as much earth with the roots as possible. Very great care is required for a successful operation. It will insure the exhibition grounds splendid groves of beautiful trees.

The Spirit of Winter.

The Spirit of Winter is with us making its presence known in many different ways—sometimes by cheery sunshine and glistening snows, and sometimes by driving winds and blinding storms. To many people it seems to take a delight in making bad things worse, for rheumatism twists harder, twinges sharper, catarrh becomes more annoying, and the many symptoms of scrofula are developed and aggravated. There is not much poetry in this, but there is truth, and it is a wonder that more people don't get rid of these ailments. The medicine that cures them—Hood's Sarsaparilla—is easily obtained and there is abundant proof that its cures are radical and permanent.

DOES NOT DISAPPOINT.

The New Discovery for Catarrh Seems to Possess Remarkable Merit.

A new catarrh cure has recently appeared which so far as tested has been remarkably successful in curing all forms of catarrh, whether in the head,

throat, bronchial tubes, or in stomach and liver.

The remedy is in tablet form, pleasant and convenient to take and no special secrecy is maintained as to what it contains, the tablet being a scientific combination of Blood root, Red gum and similar valuable and harmless antiseptics.

The safe and effective catarrh cure may be found at any drug store under the name of Stuart's Catarrh Tablets.

Whether the catarrh is located in the nose, throat, bronchial tubes, or stomach, the tablets seem to act with equal success, removing the stuffy feeling in head and nose clearing the mucous membrane of throat and trachea from catarrhal secretions, which cause the tickling, coughing, hawking and gagging so annoying to every catarrh sufferer.

Nasal catarrh generally leads to ulceration, in some cases to such an extent as to destroy the nose entirely and in many old cases of catarrh the bones of the head become diseased. Nasal catarrh gradually extends to the throat and bronchial tubes and very often the stomach, causing that very obstinate trouble, catarrh of the stomach.

Catarrh is a systemic poison, inherent in the blood, and local washes, douches, saives, inhalers and sprays can have no effect on the real cause of the disease. An internal remedy which acts upon the blood is the only rational treatment and Stuart's Catarrh Tablets is the safest of all internal remedies, as well as the most convenient and satisfactory from a medical standpoint.

Dr. Eaton recently stated that he had successfully used Stuart's Catarrh Tablets in old chronic cases, even where ulceration had extended so far as to destroy the septum of the nose. He says, "I am pleasantly surprised almost every day by the excellent results from Stuart's Catarrh Tablets."

It is remarkable how effectually they remove the excessive secretion and bring about a healthy condition of the mucous membranes of the nose, throat and stomach.

All druggists sell complete treatment of the Tablets at 50 cents and a

little book giving the symptoms and causes of the various forms of catarrh will be mailed free by addressing F. A. Stuart Co., Marshall, Mich.

Premier to Speak.

Paris, Jan. 11.—M. Waldeck Rousseau, the premier, will deliver an important speech at St. Etienne Sunday, when he will define the entire policy of the government. As this occasion will be the opening of the ministerial electoral campaign, several members of the French cabinet will accompany the prime minister to St. Etienne, and about 100 senators and deputies will be present there. The walls of St. Etienne are covered with posters. The Nationalists and the non-ministerial Socialists are calling upon the population of the town to refrain from sympathetic demonstrations on the occasion of M. Waldeck-Rousseau's speech. These manifestations may lead to hostile outbreaks, although serious trouble is not likely.

Two Go Through the Ice.

Pittsburg, Jan. 11.—Details of a sad double drowning reached here from Osceola, eight miles above McKeesport. Martin O'Hara, 18, and his sister Mary, 15, were drowned while skating on the Youghiogheny. Their brother James, 8, also went under the ice, but was rescued by men who were at work near by. The home of the O'Haras is within sight of the river, and the mother of the children saw them sink under the ice. She ran screaming to the river bank and plunged in after them. The rescuers had hard work saving the lives of the mother and James. Martin and Mary were carried away by the swift current and their bodies have not yet been recovered.

GIVE HER A CHANCE!

County President W.C.T.U., Mrs. H. F. Roberts, of Kansas City,

Says to All Sick Women: "Give Mrs. Pinkham a Chance, I Know She Can Help You as She Did Me."

"DEAR MRS. PINKHAM:—The world prizes great reformers; their names and faces are in the ears of everybody, and the public press helps spread the good tidings. Among them all Lydia E. Pinkham's name goes to posterity with a softly breathed blessing from the lips of thousands upon thousands of women who have been restored to their families when life hung by a thread, and by the hands of others, whose weary, aching limbs you have quickened and whose pains you have taken away."

MRS. H. F. ROBERTS.

"I know whereof I speak, for I have received much valuable benefit myself through the use of Lydia E. Pinkham's Vegetable Compound, and for years I have known dozens of women who have suffered with displacement, ovarian troubles, ulcerations and inflammation who are strong and well today, simply through the use of your Compound. I feel sure you will never know one-half the good you have done humanity, and I only wish every suffering woman could know what you can do for her, would she only just give you the chance. Fraternally yours, Mrs. H. F. ROBERTS, 1404 McGee St., Kansas City, Mo."

Women, do you realize the generosity of Mrs. Pinkham's freely offered advice?

Don't hesitate to write to Mrs. Pinkham. She will understand your case perfectly, and will treat you with kindness. Her advice is free, and the address is Lynn, Mass. No woman ever regretted having written her, and she has helped thousands. Her medicine, Lydia E. Pinkham's Vegetable Compound, is the true help for nervous, sick and ailing women. It regulates the monthly sickness and overcomes all those uterine derangements that excite the nerves. This is the easy and the right way to get the help you need. Read the letters from the women she has helped.

When women are troubled with irregularities, suppressed or painful menstruation, weakness, indigestion, leucorrhoea, displacement or ulceration of the womb, inflammation of the ovaries, general debility, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues, and hopelessness, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

\$5000 REWARD

Owing to the fact that some skeptical people have from time to time questioned the genuineness of the testimonial letters we are constantly publishing we have deposited with the National City Bank of Lynn, Mass., \$5,000, which will be paid to any person who will show that the above testimonial is not genuine, or was published before obtaining the writer's special permission. — Lydia E. Y. M. C. A. SUNDAY.

Representatives of the State Committee Will Occupy the Pulpits of the Several Churches Morning and Evening—Men's Meeting at Taylor Hall Sunday Afternoon.

The Sunday School of the Young Men's Christian Association of Ohio will have their representatives in the Y. M. C. A. Sunday School at 10:30 a. m. in the pulpits of the various churches in the city.

The speakers will present the needs of young men all over the State of Ohio and especially the work in behalf of the young men of Newark. The plan is similar to the one carried out in Zanesville three weeks ago when at the Sunday afternoon men's meeting there was found over 900 men gathered to hear the speaker.

Evangelist C. L. Everts who was at Zanesville at that time is now in Newark and will have charge of the men's meeting in Taylor Hall at 3:30 and will deliver a Confidential Talk. Taylor hall will be crowded that hour with men and a great meeting is expected.

An invitation is extended to Christian workers to meet Evangelist Everts in Taylor hall Sunday afternoon promptly at 2 o'clock for a brief conference together. None but Christian workers are invited to this early meeting, but a general invitation is extended to all men to attend the second meeting held in the same hall at 3:30, doors will be opened at 3:00 o'clock for the second meeting. Let every man in Newark make an effort to attend the meeting in Taylor Hall Sunday afternoon.

The Boys meeting in the Junior room will be addressed by Evangelist Everts Sunday at 2 o'clock. This meeting is in charge of Mrs. Lumley and all boys should attend this meeting and hear Mr. Everts, for boys under 15 years of age will not be admitted to Taylor Hall to the 3:30 meeting. Be sure and get to hear Mr. Everts at the 2 o'clock meeting.

The following is the schedule of meetings and speakers in the various churches to which all members of the various churches are invited to attend and get all others to attend if possible.

Baptist Church. The revival services are increasing in interest and attendance from day to day and the outlook is hopeful for large spiritual results to the church, and for the salvation of souls. It is refreshing to hear a modern evangelist express his convictions of truth in clear and uncompromising terms, and insist on the forsaking of sin and entire surrender of the heart and life to God. Mr. Everts is gaining the confidence of all who hear him by his sincerity, and close adherence to the Word of God in his preaching and in his life. He seeks the conversion of men to God, rather than to a church or to the evangelist. In the providence of God the most beautiful weather of the winter has been favorable for the meetings and if the members of the church do not heartily support the services by their presence and cooperation, the blessing from God will be limited. The attendance on the Sabbath will no doubt test the capacity of the church. Mr. Everts will be in charge of the morning and evening services. All are invited, come, bring your friends with you.

Miss Florence Allan

THREE BEAUTIFUL WOMEN

Worn Out And Nervous Regained Their Health And Beauty By Taking Peruna.

Miss Florence Allan, a beautiful Chicago girl, writes the following to Dr. S. B. Hartman concerning his catarrhal tonic, Peruna:

"75 Walton Place, Chicago, Ill. "As a tonic for a worn-out system, Peruna stands at the head in my estimation. Its effects are truly wonderful, it rejuvenates the entire system. I keep it on hand all the time, and never have that 'tired feeling' as a few doses always make me feel like a different woman."—Florence Allan.

Thousands of women suffer from systemic catarrh. This is sure to produce such symptoms as cold feet and hands, sick headache, palpitation of the heart and heavy feelings in the stomach.

Then begins a series of experiments. They take medicine for sick headache, they take medicine for nervous prostration, for palpitation of the heart, for dyspepsia. None of these medicines do any good because they do not reach the cause of the complaint.

Peruna at once mitigates all these symptoms by removing the cause.

Systemic catarrh is the trouble. Systemic catarrh pervades the whole system, deranges every organ, weakens every function. No permanent cure can be expected until the systemic catarrh is removed.

This is exactly what Peruna will do.

Miss Cullen Was Exhausted From Over Study.

Miss Rose Cullen, President of the Young Woman's Club, Butte, Montana, writes:

921 Galena street, Butte, Mont.

Gentlemen—"Peruna has many friends in Butte. I cannot say too much in praise of it. While finishing school I became very nervous and exhausted from over-study. I was weak and sick, and could neither eat, sleep nor enjoy life. A couple bottles of Peruna put new life in me. I find by having it in the house and taking a dose off and on it keeps me in fine health. A large number of my friends place Peruna at the head of all medicines."—Rose Cullen.

Peruna is especially adapted to protecting against and curing nervous diseases of run-down women, as the testimonial of Miss Cullen indicates.

Miss Blanche Myers, 3129 Penn street, Kansas City, Mo., has the following to say of Peruna:

"During each of the past four seasons I have caught a severe cold, when suddenly chilled after an evening party, and catarrh for several weeks would be the result. One bottle of Peruna cured me, and I shall not dread colds any more as I did."—Blanche Myers.

An excellent little treatise on "Health and Beauty," written especially for women, by Dr. Hartman, will be sent free to any address by The Peruna Medicine Co., of Columbus, Ohio.

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube gets inflamed you have a running sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are incurable by any means except the one we have. We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Farewell To Dr. Hunt.

The following is taken from the Watchman published at Boston:

On the afternoon of the 30th at the Nottingham Hotel a complimentary luncheon was given by about twenty-five friends to Dr. E. W. Hunt, who has resigned the pastorate of the Clarendon street Baptist church to accept the Presidency of Denison University. Dr. George E. Horr presided and the speakers were: Rev. Drs. F. H. Rowley, A. C. Dixon, N. E. Wood, Walker Calley, Rev. E. E. McElhain and Dr. Hunt. After Dr. Horr had announced that a daughter had been born to Dr. Hunt on the previous morning a sum was speedily contributed at the suggestion of Rev. Mr. Calley, to present the young baby with a silver loving cup. The occasion was a most enjoyable one.

At the meeting of Cedar Camp, on Wednesday evening a committee consisting of Brothers George P. Webb, Rees R. Jones and Thomas Tabler, was appointed to secure a suitable present for the Venerable Consul, Mr. O. P. Young. This committee after deliberating the matter thoroughly purchased a fine chair, which they took out to Mr. Young's home, in the Cherry Valley, on Thursday, and on behalf of the Camp, presented it to Mr. Young, as a slight token of their appreciation of his past services. Mr. Young was completely surprised but managed to express his gratitude and appreciation of the gift in very feeling words.

The annual statement of the Clerk of the condition of Cedar Camp was read at the last meeting and showed that the Camp was in an exceedingly prosperous condition.

From this time on the assessments of the members of Cedar Camp will be paid to Mr. Earl W. Murphy, the new Clerk in the Hibbert & Schaus building.

AMERICAN PROTECTIVE UNION.
Newark has the honor of being the home of an entirely new beneficial society, which was organized last Tuesday evening. Its main object is to secure an indemnity to a man and his family for loss of his time during sickness or disability on account of accident, and provide a funeral benefit. Nothing like it has ever been established in America. Its promoters are the well known and successful business men, J. A. Lingafelter, Hon. Wm. E. Miller, G. W. Taafel, Dr. Palmer, Julius Juch and A. L. Simons, of Cleveland, Ohio, who has been identified for a large number of years with the leading fraternal insurance societies of the United States and Canada, and is considered to be one of the best informed men in matters of insurance. He has had under consideration the idea of the founding of the American Protective Union for several years. Believing that protection for a man and his family, against sickness and accident is most important for every home. He arrived at his plan by diligent study of similar organizations in England, dating back to 1168. The plans and objects of this society when properly understood, must commend themselves to all. The promoters should be congratulated for their enterprise, and their clear-headedness in recognizing a good thing when they see it; and for the successful beginning of this most deserving and most needed protective order.

Many a friendship has been revived by the price mark on a present.

Impaired Digestion

May not be all that is meant by dyspepsia now, but it will be if neglected.

The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

Hood's Sarsaparilla

which strengthens the whole digestive system.

THE W. C. T. U.

The meeting on Tuesday, January 7, was called to order by the President, Mrs. Sisson, who announced that Mrs. Wall of the Salvation Army who was to have had charge of the devotional exercises had been detained by sickness, and these exercises were deferred until the last half hour in the hope that some other member would come in who would lead them.

After the minutes of the previous meeting had been read and adopted, the report of the officers and the Superintendent were given as follows: Corresponding Secretary, Treasurer, Evangelist Work, L. T. L., Hospital Railroad, Press, Scientific, Temperance Instruction, Prison, Mothers' Meetings, Parlor Meetings, Sabbath School, Purity, Entertainment, etc. A number of the reports were very encouraging, and gave renewed strength to those present. Six new members were received, presenting them a copy of the constitution and pinning upon them the white ribbon.

The attendance was unusually large, which was another encouraging feature of the meeting.

Upon motion it was resolved that a vote of thanks be extended to the city papers for their courtesies in printing reports furnished by the Press Superintendent.

Mrs. Wright was chosen Superintendent of Rescue Work.

Mrs. Covert and Mrs. McLaughlin were reported seriously sick, which news was received with sadness.

The devotional half hour was conducted by Mrs. Wright, who, with Mrs. Gault, sang a very pathetic duet entitled, "Mother is Praying for You, Yes, all the Weary Night Through."

On next Tuesday Mrs. A. E. Johnson will have charge of the devotionals.

Bible leaflet, entitled "Small Things," Mrs. Cole; business. Everybody welcome.

SIGNAL NOTES.

According to Bishop Hartsell, 75 per cent of the demoralization of the native Africans comes from drunkenness.

Germany is called the model beer drinking nation, and is held up to show that lighter drinks are conducive to temperance, yet statistics show that in Germany 15,000 persons annually receive treatment for delirium tremens.

Over \$1,000,000 has been appropriated by the Russian government for the purpose of encouraging the organization of societies for the promotion of temperance habits among the people of that country.

The Bishop of Galway protests vigorously against the scattering broadcast of drink licenses in certain districts of Ireland. He says:

"This very day I administered the abstinence pledge to hundreds of young boys and girls on the occasion of their receiving the sacrament of confirmation, but I feel that the magistrates are working against me by multiplying the centers of temptation. It is no exaggeration to say that every drink shop is a brothel of such temptation. But probably these magistrates have not fully taken in the moral aspect of the question. Some of these gentlemen pose as blazing patriots, but a genuine patriot is never found to have a hand in demoralizing his fellow countrymen."

Mrs. Austin's Buckwheat has a world-wide reputation on account of its purity and genuine buckwheat flavor. Don't forget the name.

ROYAL ARCANUM.

The installation of officers of Bayard Taylor Council will take place at the state meeting Monday next. There will be other important business, which will be of interest to every member of the Council.

DISCOURAGES ABUSE.

Von Buelow Desires Peace With Great Britain.

LECTURES THE GERMAN STATESMEN.

Says His Foreign Policy Is Not to Be Prescribed by Speeches, Resolutions and Public Meetings—Government's Pet Tariff Bill Likely to Die in Committee.

Berlin, Jan. 11.—The chancellor, Count Von Buelow, making a reply to preceding speakers in the reichstag, said: "I believe I shall be in sympathy with a very great majority of the house when I express the hope that the custom of abusing foreign ministers from the tribune of this august house will not become naturalized among us. That would accord neither with the usages of the German people nor the interests of our policy. I must at the same time express my deep regret at the way in which the last speaker (Herr Liebermann) referred to the army of a nation (Great Britain) with which we live in peace and friendship. We, ourselves, are sensitive concerning the honor of our army, so we should not abuse foreign armies, in which there are men brave enough who know how to die. I protest against the idea that repudiation of an aspersion on the army should have any effect in changing policy. If this repudiation is to be an excuse for forcing upon us a different attitude in regard to the war in South Africa, or a pretext for bringing about unfriendly relations between our people and a people towards whom we have never stood in hostility. I wish to leave it beyond doubt that I will have nothing to do with anything of the kind. We can not let the direction of our foreign policy be prescribed for us by speeches, resolutions or popular meetings." The chancellor concluded with expressing regret that the maintenance of the friendly relations with Great Britain had not been rendered easier by the Chamberlain incident.

It is now believed that the government's tariff bill can not be passed in present form, even if the minimum grain duties be stricken out, and that the government may have to drop the measure altogether, although this, of course, would be done only after the long sequestration of the bill with the committee where it now rests. The opposition to the tariff bill is taking the form of a proposal that a commission shall be appointed to investigate German agriculture to determine whether distress really exists and whether it is to be found among the great landowners or the peasants. The opponents of the tariff measure think that if they can once get this commission in operation, many months will elapse in taking testimony before the commission can report. The proposal to appoint an investigating committee is supported by the bureau for the preparation of commercial treaties, many commercial bodies and nonpolitical societies.

House Proceedings.

Washington, Jan. 11.—The house spent the day considering the Hopkins bill to create a permanent census bureau. While the general sentiment was in favor of a permanent bureau, there was strong opposition to the bill as drawn up on the ground that it was not well matured. There also was an overwhelming demand for a provision to place the present employees of the bureau under the protection of the civil service law, and the bill finally was recommitted with instructions to report back a bill containing a plan for a detailed organization of a permanent census bureau, to include also a provision to place the present employees under the civil service. A bill was passed unanimously to give Mrs. McKinley the free mailing privilege during the remainder of her life.

Commend President Hill.

Fargo, N. D., Jan. 11.—At the tri-state grain and cattle growers' convention here the two great features were the address of President J. J. Hill of the Northern Securities company and the adoption of resolutions commending Mr. Hill for his work in behalf of the northwest. The resolutions were adopted almost unanimously by the convention prior to the arrival of Mr. Hill, and an attempt was later made to have these particular resolutions stricken out, but the attempt failed and the resolutions stand as the sense of the convention. Mr. Hill defended the northwestern railway merger, asserting that competition was not necessary in order to maintain or secure low rates.

Schley in the South.

Savannah, Ga., Jan. 11.—Rear Admiral W. S. Schley, accompanied by Mrs. Schley, arrived in this city. The railroad station was thronged with people, who waited patiently to greet the admiral, and as he alighted the cheering was deafening. Mayor Meyers and a delegation of aldermen extended the admiral a cordial official welcome, and asked his consent for a formal reception at the city hall. The admiral agreed. Carriages were then taken for the residence of General W. W. Gordon, where Admiral and Mrs. Schley will visit for 10 days.

Big Four Train's Narrow Escape.

Mattison, Ill., Jan. 11.—The fast westbound express of the Big Four, with eight coaches filled with passengers, had a miraculous escape from being wrecked near this city. The axle on the engine broke and the drive wheel was hurled into the ditch while the train was going 50 miles an hour. The engineer by quick work succeeded in checking the train, and the engine remained on the track.

AMUSEMENTS

BILL FOR THE COMING WEEK AT THE AUDITORIUM.

Manager J. B. Rosebraugh Has Several Good Ones in Store—"The Strollers" Last Night.

When Augustus Thomas decided to write a play whose scenes and people should be taken from the picturesque Southwestern territory of Arizona, he was not obliged to "study up" or travel for the sake of "local color." Thomas is a native of the State of Missouri, which he has already given stage portraiture, but he is also an ex-Arizonian. Some years ago when the market for brains in Western newspaperdom was rather dull Thomas, then the "kid reporter" on the Kansas City Star, followed the star of Empire West by South, and became a cow-puncher on Fraser's ranch in the Aravaipa Valley. He lived among the scenes and people of that picturesque region for two or three years, and absorbed "atmosphere" and "local color" enough to fit out several plays, and a dozen magazine sketches in the bargain. "Arizona," already an established favorite here, will be seen next Tuesday, Jan. 14th.

A magnificent special production of the new comedy-opera "King Dodo," is set down for appearance in this city at the Auditorium on next Wednesday night, Jan. 15.

KING DODO

above the ordinary will undoubtedly attach to this announcement. The offering is entirely American, being provided by Frank Pixley and Gustav Lunders, and is said to rank foremost in the list of comic operas credited to American authors. Theatre goers and newspaper readers in general, are probably aware of the uncommon record made by this diverting musical work during the past summer in Chicago. It is credited with the longest run known to the history of the theatres in the western metropolis, having opened May 27th last, and continued with uninterrupted success at the Studebaker Theatre up to October 5th. Local theatre goers are promised a complete production without the elimination of a single feature of the splendid presentation. A company of talented players will be seen here

and another gratifying feature of the engagement here will be the presence of a special orchestra composed of professional musicians. Particular stress is laid upon the elaborate character of the scenic equipment, and lavish costume display. These two features are said to excel in eye-pleasing effect and to justify the claim that this production surpasses in these respects anything of the kind ever seen in this city.

"Jess" of the Bar Z Ranch, the comedy drama originally written for the late Belle Archer, and which comes to the Auditorium next Friday evening with Alice Archer in the title role, is from the pen of Forbes Heermans, who edited and carried through the press the famous novel "David

Harum." Mr. Heermans lived for five years on the "Bar Z" ranch in New Mexico, where the scene of his successful play is laid.

The play deals with the crime of stealing cattle. There is also a strong and romantic love story running through the play that is as fresh as it is charming and gives Miss Archer wonderful opportunities to display her beautiful character of "Jess," so true to life. Nothing but praise from Maine to California has been given Miss Archer and her admirable company and production.

Charles Frohman announces a night of "David Harum" at the Auditorium on January 16th. The novel of countless editions lent itself readily to expert dramatists and the character of the wily old horse trading banker is said to make one of the "fattest" comedy parts ever written. Certain it is that no more successful comedy ever was exploited by Mr. Frohman. Among the incidents utilized in the play is the famous horse trade with Peacon Perkins and the subsequent experience of the Deacon in the rain storm with the horse that was guaranteed to stand without hitchin'. Others are the transaction with Zeke Swinney the usurer, the little counterfeit money deal, the circus story and the cancelling of the widow's mortgage. But the chief attraction in the play after all is the character of David himself.

"A Night On" which was given by "The Strollers," the O. S. U. theatrical club, on Friday evening at the Auditorium, only added to the well merited reputation the club had already won for itself. The play is irresistibly funny, and the parts were all so well taken that the audience felt no regret. Each character represented an intense emotion even the mad had

feelings. Mr. Tom D. Evans, as manager, has every reason to be proud of both himself and his company. The musical part was most enjoyed and was encored, while the players were recalled in every act.

The illustration at the head of this page represents a scene in the strong comedy-drama, "Arizona" which comes to the Auditorium next Tuesday night. "Arizona" is remembered as one of the best attractions here last season. It is a beautiful production and will undoubtedly be well patronized next Tuesday night.

And the War Officer Knows. London, Jan. 11.—The Globe's financial editor said a report which came from well informed quarters was current in this city that the Boer chiefs had made overtures to the British government to the effect that they were prepared to lay down their arms, provided they were not expelled. Next Wednesday is the Boer feast day, and it was said the surrender of the Boers would probably occur then. The war office officials asserted that no proposals to surrender had been received from the Boers.

A Sad Affair. Elberton, Ga., Jan. 11.—Lon Cole was shot by his wife and instantly killed while asleep in bed. Mrs. Cole had heard a noise, and not wishing to disturb her husband, who was ill, took his pistol and went to investigate. On her return the pistol was in some way discharged, killing Cole instantly. The verdict of the coroner's jury was accidental homicide.

Schoolboy Stabbed. Frankfort, Ind., Jan. 11.—In a fit of passion seven-year-old Claude Pickel plunged the blade of his pocket knife into the back of his 10-year-old school mate, Ernest Blackledge, in the Pickle district school in this county. The knife blade penetrated the youthful victim's lung cavity and the boy is in a critical condition.

RAILWAY AFFAIRS.

ADMISSION TO B. & O. SHOPS BY PASS ONLY.

David Lee's Clerical Force Reduced. A Test of Power—Local and General Items.

An order has been made public at the B. & O. shops that hereafter no person will be allowed to go through the shops, unless he has a written permit signed by the general foreman or the master mechanic. It is probable that passes will be issued to reporters and others who may have business frequently at the shops, as the order is aimed at those people who merely hand around the shops out of idle curiosity, or make a loafing place there, keeping men from their work, and being a general nuisance.

ZANESVILLE FORCE REDUCED.

Zanesville, O., Jan. 11.—Orders have been received at the office of B. & O. Superintendent Maintenance of Way David Lee, in this city for a reduction of the clerical force of Mr. Lee's office. The reduction is caused by the recent changes in the management of the B. & O. railroad, which have transferred to other points a great deal of the work formerly done in this city. Among the changes are the following: John S. Price, William Oldham and L. H. Moore will be transferred to Newark to the office of the division engineer. H. E. Barnes, E. B. Smith and A. L. Beable will go to Garrettsville, to take positions in the office of the division engineer at that place. Their changes will be made.

TESTING MOTIVE POWER.

The Lake Shore and the Big Four railroads are making a test of the comparative strength of the motive power of the two road beds on the division of the Big Four between Cleveland and Gallion, O., a distance of 73 miles.

New York, Jan. 11.—It is semi-officially announced today that the New York Central road proposes to make some radical and immediate changes in the tunnel in this city, where the dreadful wreck of Wednesday occurred. A HARD STRUGGLE.

Many a Newark Citizen Finds the Struggle Hard.

With a back constantly aching. With distressing urinary disorders. Daily existence is but a struggle. No need to keep it up. Doan's Kidney Pills will cure you. Newark people endorse this claim.

Mr. John Nelson, of 41 Thirteenth street, says: "When I enlisted in the 17th Ohio Volunteers, under Capt.

Nichols, I passed medical inspection creditably. When I was discharged my back bothered me and at intervals ever after I had attacks of kidney complaint. My back was weak, and painful across the loins, and I was also greatly distressed by urinary weakness. I took every kind of medicine, but it availed me nothing I tried Doan's Kidney Pills, getting a box at Crayton's drug store. After I used them my back ceased to ache, and I felt stronger. Besides mending my back they also corrected the urinary weakness. To a man of 81 years of age his is a great comfort."

For sale by all dealers. Price 50 cents. Foster-McLennan Co., Buffalo, N. Y., sole agents for the U. S.

ACHIEVEMENTS

Of the Pan-American Conference—Senator Davis Leaves City of Mexico For Home.

City of Mexico, Jan. 11.—Ex-Senator H. C. Davis, chairman of the United States delegation of the International American conference, who left for Washington, took leave of the conference at the morning session in a brief speech, saying in part: "Much against my desires, circumstances require me to leave for my home. It is pleasant, however, to think that the work of this convention appears to be approaching an end. Among the projects adopted are the reports of the Pan-American railway and banking committee, to which I was assigned. Enough has been accomplished to assure us that much good will come to the American republics as a result of the second Pan-American conference. Among the achievements of this conference, a plan of arbitration has been substantially agreed upon that will be of great value to all of the republics. This, I feel sure, is a long step toward preserving peace and settling disputes between American republics."

Bonds Obtained by Forgery.
Boston, Jan. 11.—Government bonds valued at \$15,000 were obtained from N. W. Harris & Company, bankers, on a forged certified check on the National Shawmut bank. It is understood that the firm of Harris & Company were called up by telephone by a man who gave the name of Bruce. He presented a check certified by the National Shawmut bank asking that the bonds, 10 \$1,000 government 4 per cent coupons due in 1925, and five \$1,000 Baltimore and Ohio Southwestern 3½ per cent coupons due July 1, 1925, be laid aside for him quietly. The check was accepted without question and the bonds were delivered. At the bank both the signature and certification were declared to be forgeries, and not clever at that.

Among the names signed to the petition were Theodore Roosevelt, August Belmont, Hugh J. Grant, Thomas A. Edison, Jerome W. Astor, D. Morgan, Dr. Parkhurst and others in New York. All of these have denied signing petition.
